Customer Satisfaction

Your complete satisfaction with your Honda automobile is our main goal. Personnel at authorized Honda automobile dealerships are trained to provide the best service for your vehicle.

If you are not satisfied with any maintenance or repair work done by the dealership, follow these three steps:

STEP 1

Talk over your concerns with the dealership's management, such as the Service Manager or General Manager. In most cases, a satisfactory solution is found at this step.

STEP 2

We recognize that, on some occasions, a customer will not be totally satisfied with a dealer's decision or actions in Step 1. If this is the case, you should call or write

Honda Automobile Customer Service. The address and telephone number are on the inside front cover of this booklet.

Please provide the following information:

- Year, model, and Vehicle Identification Number (VIN) of your vehicle, and its current mileage;
- The name of the dealer who sold you the vehicle;
- The name of the dealer who services your vehicle;
- Date, mileage, and reason for each visit to an authorized Honda automobile dealership;
- Any non-Honda dealership repair service for the problem(s); and
- Your daytime and evening telephone numbers.

The staff of Honda Automobile Customer Service is interested in working with you and the dealership

to find a satisfactory solution.

STEP 3

If you disagree with the decision reached by the staff of Honda Automobile Customer Service, you may request to have your case reviewed in an independent forum run by the National Center for Dispute Settlement (NCDS). You may file a claim at any time by calling NCDS toll-free at 877-545-0055.

You may also write to:
National Center for Dispute Settlement
P.O. Box 515831
Dallas, TX 75251-5831

The purpose of NCDS is to resolve disputes between vehicle manufacturers and their customers. NCDS's decision-makers are impartial third parties who will listen to both the customer and the manufacturer and decide what can be done to resolve the disagreement.

NCDS's decision is not binding on you unless you agree to accept it. If you accept the decision, Honda will abide by it. Generally, disputes submitted to NCDS are resolved within 40 days (47 days if you have not first contacted Honda about your complaint).

Honda offers you the opportunity to mediate and arbitrate a disagreement through NCDS because we want you to feel that you have been treated fairly.

Eligibility is limited by your vehicle's age, mileage, and other factors. To file a claim, you need to provide your name and address, the Vehicle Identification Number (VIN) of your vehicle, and a brief statement outlining the disagreement. Initially, NCDS may try to resolve the disagreement through mediation.

If this is not successful, your complaint will be reviewed by an impartial arbitrator. You may present the facts of your case to the arbitrator at an informal meeting.

We encourage you to use this program before, or instead of, proceeding with formal litigation. It is informal, free of charge to you, and generally resolves problems much faster than formal litigation. Lawyers are usually not involved in the resolution of claims through NCDS, although you may obtain one at your own expense if you choose.

If you want to proceed with formal litigation, Honda does not require you to first file a claim with NCDS. Please note that laws in some states may require that you file a claim with NCDS before you can proceed to a state-operated dispute resolution process or formal litigation. If you do not accept the decision of NCDS, you can still proceed with formal litigation.

Please note that your vehicle's limited warranties contain an arbitration provision that may affect your legal rights, and you agree that, pursuant to the Arbitration Provision beginning on page 6 of this warranty booklet, that either you or American Honda Motor Co., Inc. may elect to resolve any dispute by neutral, binding arbitration and not by a court action. See the Arbitration Provision beginning on page 6 of this warranty booklet for additional information concerning the agreement to arbitrate.

Customer Satisfaction

Lemon Laws

Many states have enacted what are commonly referred to as "Lemon Laws." Although the details of these laws vary from state to state, their main purpose is to assure you certain rights if you have problems with your new vehicle. In general terms, these laws usually say that if your new vehicle has a problem that cannot be repaired in several attempts, or has a series of problems that keeps it out of service for an extended period, you may qualify for relief under the Lemon Law in your state.

Some states require you to notify the manufacturer about the problem(s), and some states give the manufacturer, or its representative, a chance to correct the problem(s). A state may require you to submit your complaint to a dispute resolution program, such as NCDS, before proceeding to other forums.

Lemon Laws have many provisions. If you feel your new Honda qualifies for consideration under the Lemon Law in your area, we suggest you check the laws in your state.

We want you to be satisfied with your Honda automobile. If you have any questions, please contact your authorized Honda automobile dealer or Honda Automobile Customer Service.

Some Repairs May Be Covered Beyond the Limited Warranty

Honda may cover, on a case-by-case basis, some or all of the cost to repair a problem that is not covered by your vehicle's Limited Warranties.

If your vehicle develops a problem you feel should be repaired by Honda at no cost, discuss it with your dealer.

If you are not satisfied with your authorized Honda automobile dealer's decision, call or write Honda Automobile Customer Service (the address and telephone number are on the inside front cover of this booklet).

Please provide this information about your vehicle:

- Year, model, and Vehicle Identification Number (VIN) of your vehicle, and its current mileage;
- Maintenance history;
- A detailed explanation of the problem; and
- Why you think Honda should be responsible for the repair.

Your request will be investigated and you will be informed of Honda's decision.

Sometimes Honda offers a special adjustment program to pay all or part of the cost of certain repairs beyond the warranty terms. Check with your dealer to determine whether any adjustment program is applicable to your motor vehicle.

Agreement to Arbitrate

Please carefully read this provision, which applies to any dispute between you and American Honda Motor Co., Inc. and its parent entities, subsidiaries, affiliates, agents, authorized service and repair facilities, employees, predecessors in interest, successors, and assigns (together "Honda," "we," or "us").

You and we agree that any dispute arising out of or relating to any aspect of the relationship between you and Honda will not be decided by a judge or jury but instead by a single arbitration administered by the American Arbitration Association (AAA) under its Consumer Arbitration Rules in effect on the date of delivery of your vehicle to you. This Agreement to Arbitrate includes all claims, whether based in contract, tort, statute, fraud, misrepresentation, or any other legal theory; claims arising out of your warranty; claims arising before or after this Agreement, such as claims related

to statements about our products; claims about the performance, design of our products, or manufacturing of our products; and claims that are currently the subject of purported class action litigation in which you are not a member of a certified class.

If you have a concern or dispute, before initiating arbitration, you must send a written notice describing it and your desired resolution to Honda's Office of the General Counsel, 1919 Torrance Blvd., Mail Stop CHI-5, Torrance, CA 90501. Following this notice, either side may request an individualized informal telephonic dispute resolution conference, which you shall participate in with our designee; either side's counsel may also participate. If your concern or dispute is not resolved within 60 days, you may then initiate a formal arbitration claim.

Other than your initial filing fees up to a maximum of \$250, we will pay all AAA fees for any arbitration, which will be held in the federal district in which you reside. To learn more about the rules and how to begin an arbitration, you may call any AAA office or go to www.adr.org.

The arbitrator may only resolve disputes between you and Honda on an individual basis and may not consolidate claims without the consent of all parties. You and Honda may bring claims against the other only in your or its individual capacity and not as a plaintiff or class member in any class or representative action. The arbitrator cannot hear class or representative claims on behalf of others purchasing or leasing Honda vehicles. If a court or arbitrator decides that any part of this agreement to arbitrate cannot be enforced as to a particular claim for relief or remedy (such as injunctive or declaratory relief), then that claim or remedy (and only that claim or remedy) shall be severed and must be brought in court and any other claims must be arbitrated first.

All issues are for the arbitrator to decide, including the scope and enforceability of this arbitration provision. Disputes concerning

the validity, application, scope, enforceability, or interpretation of this Agreement will be exclusively decided by the arbitrator. The Agreement and associated proceedings, such as waiver, estoppel, breach, or default before, during, or after arbitration, will be governed by the Federal Arbitration Act, 9 U.S.C. § 1 et seq., and federal common law, not by any state laws or procedures regarding arbitration. The arbitrator at all times holds the exclusive authority to address challenges to this Agreement, including questions of waiver, estoppel, breach, default, or the validity or scope of any part of this Agreement.

If one party files a court action instead of arbitration, all proceedings will be stayed until resolution of any proceedings to compel arbitration, including appeals. If you prefer, you may instead take an individual dispute to small claims court.

You may opt out of arbitration within 30 days after the date of delivery of your vehicle to you by sending a letter to: Honda's Office of the General Counsel, 1919 Torrance Blvd., Mail Stop CHI-5, Torrance, CA 90501, stating your name, Vehicle Identification Number, and intent to opt out of the arbitration provision. If you do not opt out, then this agreement to arbitrate is binding.

Parts replaced under any of the warranties in this booklet become the property of Honda. Honda will make the final decision whether to repair an existing part or assembly or replace it.

The warranties in this booklet do not cover:

Time and Mileage Period

Warranty coverage begins on the date the vehicle is delivered to the first purchaser other than an authorized Honda automobile dealer, or the date it is first used as a demonstrator, lease, or company vehicle, whichever comes first. Refer to page 17 of this booklet for information on warranty duration and the emissions systems that are covered.

Your Responsibilities

To qualify for coverage by the Defects and Performance warranties, you should operate and maintain your 2026 Honda according to the requirements on page 35 of this booklet and/or the information provided by the Maintenance Minder™. This schedule is designed to keep your vehicle's emissions control systems functioning properly by maintaining your vehicle in peak operating condition.

Honda will not deny a claim for emissions warranty coverage because you did not generally maintain the vehicle or do not have records to show that you did.

However, any part that fails as a result of abuse, misuse, unapproved modification, use of improper parts, or failure to perform required maintenance affecting the failed part will not be covered under this warranty.

Federal Emissions Warranties

Honda recommends that only parts supplied by Honda or equivalent parts be used to repair your vehicle.

Maintenance, replacement, or repair of emissions control devices and systems may be done by any automotive repair establishment or individual using any certified part.

Under normal circumstances, Honda will pay for warranty repairs only when they are performed at an authorized Honda repair facility. However, in an emergency situation, the repair of emissions control devices or systems may be done by any automotive repair establishment or individual or by the owner using an equivalent, non-Honda replacement part. An emergency situation is considered to exist if an authorized Honda repair facility is not reasonably available, when a warranted part is not available within 30 days, or when an authorized Honda repair facility is unable to complete a repair within 30 days.

Honda will reimburse you for those emergency repairs, including diagnosis, that are covered by the Emissions Warranties.

Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically-appropriate hourly labor rate for Honda's recommended time allowance.

For reimbursement, present the replaced part(s) and a copy of the paid receipt to any authorized Honda automobile dealer.

The use of replacement parts not equivalent to the original parts may impair the effectiveness of your vehicle's emissions control systems. If a non-equivalent replacement part is used in the maintenance or repair of your vehicle, and if an authorized Honda automobile dealer determines it is defective or causes a failure of a warranted part, your claim for repair to bring your vehicle into compliance

with applicable standards may be denied. However, a warranty claim will not be denied if a vehicle fails to meet emissions standards for reasons unrelated to the use of a non-equivalent replacement part.

These Warranties Do Not Cover:

- Failures or malfunctions of the emissions control systems caused by abuse, alteration, accident, misuse, or the use of leaded or non-approved gasoline.
- Replacement of maintenance items such as, but not limited to, spark plugs, filters, hoses, belts, coolant, or lubricants beyond their first required maintenance point.
- Consequential damages such as loss of time or use of the vehicle.

Emissions-Related Design and Defects Warranty Coverage

Honda warrants to the owner or lessee of any 2026 Honda model that the automobile:

1. is designed, built, and equipped to conform with all emissions standards applicable at the time of sale or lease;
and
2. is free from defects in materials and workmanship that would cause it to fail to conform with applicable emissions requirements during the specified time and mileage periods.

Refer to the Emissions Warranty Parts List in the back of this booklet for more information on warranty duration and the emissions systems that are covered.

To Get Emissions Warranty Service

Repairs covered by this Warranty will be performed at no charge for parts, labor, and diagnosis.

Within 30 days of the time you take your vehicle to the dealer for emissions warranty service, an authorized Honda automobile dealer is required either to honor your claim for adjustment, repair, or replacement, or to notify you in writing that your claim is being denied, and explain why.

If this time limit is not met, an authorized Honda automobile dealer will perform the requested repairs free of charge. The only exceptions allowed are when you, the owner or lessee, request or agree to a delay, or the delay is caused by circumstances beyond the control of Honda or the dealer.

If an authorized Honda automobile dealer is unable to repair your vehicle within 30 days from the time you take

it to the dealer, you may have your vehicle repaired at any repair facility you choose. The only exceptions allowed are when you, the owner or lessee, request or agree to a delay, or the delay is caused by circumstances beyond the control of Honda or the dealer.

If, due to an authorized Honda automobile dealer's delay (as previously described), you choose a repair facility that is not an authorized Honda automobile dealer, Honda will reimburse you for the repair, including diagnosis. Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically-appropriate hourly rate for Honda's recommended time allowance. For reimbursement, present the replaced part(s) and a copy of the paid receipt to any authorized Honda automobile dealer.

Federal Emissions Warranties

Emissions Performance Warranty

This warranty begins on the date the vehicle is delivered to the first purchaser other than an authorized Honda automobile dealer, or the date it is first used as a demonstrator, lease, or company vehicle, whichever comes first.

Performance Warranty Coverage

Honda warrants that, if your vehicle fails an EPA-approved emissions short test, during the designated warranty period, Honda will, at no cost to you, make all adjustments, diagnoses, repairs, and replacements necessary to bring your vehicle into compliance with applicable emissions standards, during the first 3 years or 36,000 miles, whichever comes first.

To Get Emissions Performance Warranty Service

If your vehicle fails an EPA-approved short test, it should be taken to an

authorized Honda automobile dealer, along with proof of the purchase date and a copy of the test report.

NOTE: The emissions test should be performed with the vehicle at normal operating temperature. Before having your vehicle tested, drive the vehicle for several miles at 25 mph or above and test the vehicle as soon as possible after driving.

Repairs covered by this warranty will be performed at no charge for parts, labor, and diagnosis.

Within 30 days of the time you take your vehicle to the dealer for emissions warranty service, an authorized Honda automobile dealer is required to either honor your claim for adjustment, repair, or replacement, or notify you in writing that your claim is being denied, and explain why.

If this time limit is not met, an authorized Honda automobile dealer

will perform the requested repairs free of charge. The only exceptions allowed are when you, the owner or lessee, request or agree to a delay, or the delay is caused by circumstances beyond the control of Honda or the dealer.

If an authorized Honda automobile dealer is unable to repair your vehicle within 30 days from the time you take your vehicle to the dealer, you may have your vehicle repaired at any repair facility you choose. The only exceptions allowed are when you, the owner or lessee, request or agree to a delay, or the delay is caused by circumstances beyond the control of Honda or the dealer.

If, due to an authorized Honda automobile dealer's delay (as previously described), you choose a repair facility that is not an authorized Honda automobile dealer, Honda will reimburse you for the repair, including diagnosis.

Federal Emissions Warranties

Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically-appropriate hourly rate for Honda's recommended time allowance. For reimbursement, present the replaced part(s) and a copy of the paid receipt to any authorized Honda automobile dealer.

Time and Mileage Period

These warranties begin on the date the vehicle is delivered to the first purchaser other than an authorized Honda automobile dealer, or the date it is first used as a demonstrator, lease, or company vehicle, whichever comes first. The duration of the warranties may vary depending on vehicle model and location where the vehicle is registered and normally operated. Refer to the Emissions Warranty Parts List at the back of this booklet for information on the warranty duration of the systems that receive extended coverage.

Your Warranty Rights and Obligations

The California Air Resources Board and Honda are pleased to explain the emissions control systems warranties on your 2026 Honda vehicle. In California, new motor vehicles must be designed, built, and equipped to meet the state's stringent anti-smog standards. Honda must warrant the emissions control systems on your vehicle for the periods of time listed here provided there has been no abuse, neglect, or improper maintenance of your vehicle.

Your emissions control systems may include parts such as the carburetor or fuel injection system, the ignition system, catalytic converter, and engine computer. Also included may be hoses, belts, connectors, and other emissions-related assemblies.

Where a warrantable condition exists, Honda will repair your vehicle at no cost to you, including diagnosis, parts, and labor.

Manufacturer's Warranty Coverage

For **3 years or 50,000 miles**, or a longer period of time or mileage, whichever comes first:

- If your vehicle fails a Smog Check inspection, all necessary repairs and adjustments will be made by Honda to ensure your emissions control system **PERFORMANCE WARRANTY**.
- If any emissions-related part on your vehicle is defective, the part will be repaired or replaced by Honda. This is your short-term emissions control system **DEFECTS WARRANTY**.

Refer to the Emissions Warranty Parts List in the back of this booklet for more information on the warranty duration and the emissions systems that receive extended coverage.

For **7 years or 70,000 miles**, whichever comes first:

If an emissions-related part listed in this warranty booklet specially noted with coverage for 7 years or 70,000 miles is defective, the part will be repaired or replaced by Honda. This is your long-term emissions control system **DEFECTS WARRANTY**.

Refer to the Emissions Warranty Parts List in the back of this booklet for model specific information on the warranty duration and the emissions systems that receive extended coverage.

Owner's/Lessee's Warranty Responsibilities

As the vehicle owner or lessee, you are responsible for the performance of the required maintenance listed in your owner's manual. Honda recommends that you retain all receipts covering maintenance on

your vehicle, but Honda cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

You are responsible for presenting your vehicle to an authorized Honda automobile dealer as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

As the vehicle owner or lessee, you should also be aware that Honda may deny warranty coverage if your vehicle or a part has failed due to abuse, neglect, improper maintenance, or unapproved modifications. If you have any questions regarding your warranty rights and responsibilities, you should contact Honda Automobile Customer Service (see the inside front cover of this booklet).

Your Responsibilities

To qualify for coverage under the defects and performance warranties, you should operate and maintain your 2026 Honda automobile according to the requirements on page 35 of this warranty booklet and/or the information provided by the Maintenance Minder™.

This schedule is designed to keep your vehicle's emissions control systems functioning properly by maintaining your vehicle in peak operating condition.

Honda will not deny a claim for emissions warranty coverage because you did not generally maintain the vehicle, or do not have maintenance records to show that you did. However, any part that fails as a result of abuse, misuse, unapproved modification, use of improper parts, or failure to perform required maintenance affecting the failed part will not be covered under this warranty.

Honda recommends that only parts supplied by Honda or equivalent parts be used to repair your vehicle.

Maintenance, replacement, or repair of emissions control devices and systems may be done by any automotive repair establishment or individual.

Under normal circumstances, Honda will pay for warranty repairs only when they are performed at an authorized Honda automobile repair facility. However, in an emergency situation, the repair of emissions control devices or systems may be done by any automotive repair establishment or individual or by the owner, using an equivalent, non-Honda replacement part.

An emergency situation is considered to exist if an authorized Honda repair facility is not reasonably available, when a warranted part is not available within 30 days, or when an authorized Honda automobile repair facility is unable to complete a repair within 30 days.

Honda will reimburse you for those emergency repairs, including diagnosis, covered by the Emissions Warranties.

Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically-appropriate hourly labor rate for Honda's recommended time allowance. For reimbursement, present the replaced part(s) and a copy of the paid receipt to any authorized Honda automobile dealer.

The use of replacement parts not equivalent to the original parts may impair the effectiveness of your vehicle's emissions control systems. If a non-equivalent replacement part is used in the maintenance or repair of your vehicle, and if an authorized Honda automobile dealer determines it is defective or causes damage to a warranted part, your claim for repair to bring your vehicle into compliance with applicable standards may be denied. However, a warranty claim

will not be denied if a vehicle fails to meet emission standards for reasons unrelated to the use of a non-equivalent replacement part.

These Warranties Do Not Cover:

- Failures or malfunctions of the emissions control systems caused by abuse, alteration, accident, misuse, or the use of leaded or non-approved gasoline.
- Replacement of maintenance items such as, but not limited to, spark plugs, filters, hoses, belts, coolant, or lubricants beyond their first scheduled maintenance.
- Consequential damages such as loss of time or use of the vehicle.

Emissions Control Systems Defects Warranty Coverage

Honda warrants to the owner or lessee of any 2026 California Honda model that the automobile:

1. is designed, built, and equipped to conform with all emissions standards applicable at the time of sale or lease;
and
2. is free from defects in materials and workmanship which would cause it to fail to conform with applicable emissions requirements during the specified time and mileage periods.

Refer to the Emissions Warranty Parts List in the back of this booklet for more information on the warranty duration of the emissions systems that receive extended coverage.

California Emissions Warranties

To Get Emissions Warranty Service

Repairs covered by this warranty will be performed at no charge for parts, labor, and diagnosis. Any authorized Honda automobile dealer will perform the adjustment, repair, or replacement within 30 days from the time you take your vehicle to the dealer.

If an authorized Honda automobile dealer is unable to repair your vehicle within 30 days from the time you take your vehicle to the dealer, then this situation will be treated as an emergency and you may have your vehicle repaired at any repair facility.

If you choose a repair facility that is not an authorized Honda automobile dealer, Honda will reimburse you for the repair, including diagnosis. Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically-appropriate hourly labor rate for Honda's recommended

time allowance. For reimbursement, present the replaced part(s) and a copy of the paid receipt to any authorized Honda automobile dealer.

Emissions Performance Warranty

This warranty begins on the date the vehicle is delivered to the first purchaser other than an authorized Honda automobile dealer, or the date it is first used as a demonstrator, lease, or company vehicle, whichever comes first.

Performance Warranty Coverage

Honda warrants to the owner or lessee of any 2026 California Honda model that if your vehicle fails a Smog Check test (or an EPA-approved short test) during the emissions warranty coverage period, Honda will, at no cost to you, make all adjustments, diagnoses, repairs, and replacements necessary to make your vehicle pass the test.

Refer to the Emissions Warranty Parts List in the back of this booklet for specific information on models that receive extended coverage.

To Get Emissions Warranty Service

If your vehicle fails a Smog Check test (or an EPA-approved short test), it should be taken to an authorized Honda automobile dealer. Take along a copy of the Smog Check test report.

NOTE: The emissions test should be performed with the vehicle at normal operating temperature. Before having your vehicle tested, drive the vehicle for several miles at 25 mph or above and test the vehicle as soon as possible after driving.

Repairs covered by this warranty will be performed at no charge for parts, labor, and diagnosis.

Within 30 days of the time you take your vehicle to the dealer for emissions warranty service, an authorized Honda automobile

dealer is required either to honor your claim for adjustment, repair, or replacement, or to notify you in writing that your claim is being denied, and explain why.

If this time limit is not met, an authorized Honda automobile dealer will perform the requested repairs free of charge. The only exceptions allowed are when you, the owner or lessee, request or agree to a delay, or the delay is caused by circumstances beyond the control of Honda or the dealer.

If an authorized Honda automobile dealer is unable to repair your vehicle within 30 days from the time you take it to the dealer, you may have your vehicle repaired at any repair facility you choose.

The only exceptions allowed are when you, the owner or lessee, request or agree to a delay, or the delay is caused by circumstances beyond the control of Honda or the dealer.

If, due to an authorized Honda automobile dealer's delay (as previously described), you choose a repair facility that is not an authorized Honda automobile dealer, Honda will reimburse you for the repair, including diagnosis. Parts reimbursement is at the manufacturer's suggested retail price, and labor reimbursement is at a geographically-appropriate hourly labor rate for Honda's recommended time allowance. For reimbursement, present the replaced part(s) and a copy of the paid receipt to any authorized Honda automobile dealer.

Seat Belt Limited Warranty

While seat belts cannot completely remove the possibility of injury, they do provide a very significant level of protection when used properly. Honda believes the best way to enhance your safety is to use your seat belt. To encourage their use, the seat belts should always be in good operating condition.

Time Period

This warranty's coverage begins on the same date as the New Vehicle Limited Warranty (see page 11) and continues for 15 years or 150,000 miles, whichever comes first.

Warranty Coverage

Honda will, at its option, repair or replace any Honda seat belt component that fails to function properly during normal use. This includes all parts and labor charges.

This Warranty Does Not Cover:

- Replacement of a properly functioning seat belt assembly strictly for cosmetic or comfort reasons.
- Failure caused by abuse, alteration, accidental damage, misuse, or malfunction resulting from a collision.
- Components of the Supplemental Restraint System (SRS - front airbag) that interact with, or act upon, the vehicle's seat belts (such as, but not limited to, the latch sensor, the belt pretensioners, or the ECU). Those components are covered under the New Vehicle Limited Warranty.

Only the vehicle's original owner or lessee can make a claim under this warranty. Coverage cannot be transferred to any other person or institution (such as an insurance company).

Time and Mileage Period

This warranty's coverage begins on the same date as the New Vehicle Limited Warranty (see page 11) and continues for 5 years with no mileage limit. Any body panels repaired or replaced under this warranty are covered only for the time remaining in the original 5 years of coverage.

Warranty Coverage

Honda will repair or replace any original body panel that rusts completely through from the inside out (perforated by corrosion). This includes panels previously repaired or replaced under this warranty. Rust that does not perforate, but is

caused by a defect in material or workmanship, is covered under the New Vehicle Limited Warranty. You will not be charged for any parts, material, or labor under this warranty. The decision to repair, rather than replace, any rusted body panel will be made by Honda.

This Warranty Does Not Cover:

- Surface rust on the underbody or any other part of the vehicle except body panels.
- Rusting of body panels that were repaired, replaced, or refinished after retail sale of the vehicle, unless those panels were repaired or replaced under this warranty.
- Body panel rust caused by abuse, misuse, or lack of maintenance.

- Rusting where the paint has been damaged by road hazards such as stones and debris.
- Rust caused by immersion of the body panel in water, mud, or sand, or resulting from exposure to corrosive gas or industrial fallout.
- Paint matching. Honda reserves the right to decide how much of the repaired or replaced panel, and any adjoining body panels, need to be repainted to match the original finish. Honda will not, under any circumstances, authorize painting the entire vehicle strictly for the purpose of paint matching.

Hybrid Powertrain Limited Warranty

Hybrid Powertrain Limited Warranty

This Hybrid Powertrain System Limited Warranty applies to all Honda models with hybrid powertrains. It is in addition to the New Vehicle Limited Warranty and the Federal/California Emissions Warranties.

This coverage begins on the same date as the New Vehicle Limited Warranty (see page 11).

Refer to the Emissions Warranty Parts List in the back of this booklet for information on the warranty duration and the components that are covered.

For a replacement or updated list:

- go online at mygarage.honda.com, and register with Honda Owners;
- contact your authorized Honda automobile dealer; or
- contact Honda Automobile Customer Service (see the inside front cover of this booklet).

Accessory Limited Warranty

This warranty, unless changed by American Honda in a document provided to you before your purchase of an accessory for your 2026 vehicle, applies to Honda Genuine Accessories distributed by American Honda and purchased from an authorized Honda automobile dealer in the United States, Puerto Rico, the U.S. Virgin Islands, Guam, or the Commonwealth of the Northern Mariana Islands.

Time and Mileage Period

Accessories Installed Before Retail Sale:

This warranty begins on the same date as the New Vehicle Limited Warranty (see page 11). All accessories are covered for the length of the New Vehicle Limited Warranty: 3 years or 36,000 miles, whichever comes first.

Accessories Installed by an Authorized Honda Automobile Dealer After Retail Sale:

This warranty begins on the date the accessory is installed on the vehicle. All accessories are covered for the longer of the following two periods:

1. the time remaining in the New Vehicle Limited Warranty;
or
2. 1 year.

Accessories Not Installed by an Authorized Honda Automobile Dealer:

This warranty begins on the date the accessory is purchased from an authorized Honda automobile dealer. All accessories are covered for 1 year.

Accessory Limited Warranty

Warranty Coverage

Honda will repair or replace any Honda Genuine Accessory distributed by American Honda that is defective in material or workmanship under normal use. Honda will decide if an accessory will be repaired rather than replaced. If the accessory was installed by an authorized Honda automobile dealer, all parts and labor costs are covered. If the accessory was installed by someone else, the cost of all parts to repair or replace it are covered by Honda, but you must pay the labor costs.

Audio and Video Component Exchange Program

If the dealer-installed audio and/or video component in your Honda develops a problem during this warranty period, visit your authorized Honda automobile dealer. The service person will ask you several questions about your vehicle and the problem. With this information, the proper diagnosis can be performed to

determine if there is a problem with the audio or video component. If a problem is found during diagnosis, your authorized Honda automobile dealer will order a replacement component.

When your authorized Honda automobile dealer receives the component (which normally takes less than a week), you will be notified to bring your vehicle to the dealership so that the audio or video component can be replaced.

Honda may use factory-remanufactured audio or video components, rather than new components, for some warranty repairs. Those components, like new components, are covered for the remainder of the Accessory Limited Warranty.

This Warranty Does Not Cover:

- Honda accessories that were designed for a different model or model year than the vehicle on which they were installed.
- Any accessory that is improperly installed.
- Any claim presented without proof of accessory purchase and/or installation date and vehicle mileage at the time of installation.
- The cost of labor to repair or replace any accessory that was not originally installed by an authorized Honda automobile dealer.

Replacement/Remanufactured Parts Limited Warranty

This warranty, unless changed by American Honda in a document provided to you before your purchase of a replacement or remanufactured part for your 2026 vehicle, applies only to automobile replacement parts distributed by American Honda through the Honda Automobile Division, and sold through an authorized Honda automobile dealer in the United States, Puerto Rico, the U.S. Virgin Islands, Guam, or the Commonwealth of the Northern Mariana Islands.

Time Period

Replacement Parts

Replacement parts purchased from an authorized Honda automobile dealer are covered for 1 year from the date of purchase, or the duration of the New Vehicle Warranty, whichever is longer, regardless of installation location.

Remanufactured Parts

Remanufactured parts installed by an authorized Honda automobile dealer are covered for 3 years or 36,000 miles, whichever comes first. Some examples of remanufactured parts are alternators, starters, brake calipers, power steering racks and pumps, ABS modulators, automatic transmissions, and driveshafts. Check with your dealer to determine if a remanufactured part was used to repair your vehicle.

Remanufactured parts purchased from an authorized Honda automobile dealer but installed by someone else are covered for 3 years from the date of purchase.

Warranty Coverage

Honda will repair or replace any part covered by this warranty that is defective in material or workmanship under normal use. If the part was originally installed by an authorized Honda automobile dealer, the repair

or replacement will be done with no charge for parts or labor. If the part was originally installed by someone else, the cost of the replacement or repair is covered by Honda, but you must pay all the labor costs.

This Warranty Does Not Cover:

- Claims that do not include documented proof of purchase date and, if installed by an authorized Honda automobile dealer, place of installation.
- Parts considered to be normal maintenance items unless they are defective in material or workmanship. Some examples are spark plugs, filters, and brake pads.
- Parts replaced under the New Vehicle Limited Warranty or parts covered by other warranties in this booklet.

Replacement 12-Volt Battery Limited Warranty

This warranty, unless changed by American Honda in a document provided to you before your purchase of a replacement 12-volt battery for your 2026 vehicle, applies only to replacement batteries (other than Hybrid Powertrain System batteries) purchased from an authorized Honda automobile dealer in the United States, Puerto Rico, the U.S. Virgin Islands, Guam, or the Commonwealth of the Northern Mariana Islands.

Time Period

Replacement 12-volt batteries are covered for a 100-month (8 years and 4 months) Limited Warranty.

Warranty Coverage

During the first 36 months (3 years) of service, a defective replacement 12-volt battery will be replaced at no cost for the battery, labor, or installation.

For the remaining 64 months (5 years and 4 months), you will receive a credit toward the purchase of the 12-volt battery.

This credit is based on the then-current retail price:

- Months 37 to 45: 60%
- Months 46 to 55: 50%
- Months 56 to 65: 40%
- Months 66 to 75: 30%
- Months 76 to 85: 20%
- Months 86 to 95: 10%
- Months 96 to 100: 5%

The 12-volt battery is warranted for the time remaining in the 100 months of the Replacement 12-volt Battery Limited Warranty. No cash reimbursement will be made. You are responsible for the labor or installation charges.

Replacement Exhaust Components Lifetime Limited Warranty

This warranty, unless changed by American Honda in a document provided to you before your purchase of a replacement exhaust component for your 2026 vehicle, applies to Honda automobile replacement exhaust components distributed by American Honda through the Honda Automobile Division and sold through an authorized Honda automobile dealer in the United States, Puerto Rico, the U.S. Virgin Islands, Guam, or the Commonwealth of the Northern Mariana Islands.

Time Period

Honda automobile replacement exhaust components (muffler, A-pipe, and B-pipe) are warranted against defects in material and workmanship for as long as the exhaust components' purchaser owns the vehicle on which they are installed.

If a warranted exhaust component fails due to a defect, Honda will exchange it. You must have proof of purchase of the failed exhaust component. If the exhaust component was originally installed by an authorized Honda automobile dealer, the cost of labor for removal and replacement of the component is also covered by this warranty.

This Warranty Does Not Cover:

- Labor cost for removal and replacement of the component if the defective exhaust component was not originally installed by an authorized Honda automobile dealer.
- Other parts of the exhaust system, including gaskets, hangers, clamps, or other mounting hardware.
- The original equipment muffler, A-pipe, and B-pipe, or any other muffler, A-pipe, or B-pipe installed while the New Vehicle Limited Warranty is in effect.
- The cost of parts or labor for any additional repairs associated with replacing the warranted exhaust components.

You should take your vehicle, along with proof of the purchase date, to an authorized Honda automobile dealer during normal service hours. If your warranty claim is for a remanufactured part or Honda Genuine Accessory that was originally installed by an authorized Honda automobile dealer, also bring proof of the vehicle's mileage at the time of installation.

If your vehicle cannot be driven, contact the nearest authorized Honda automobile dealer for towing assistance. **You do not have to pay for towing to the nearest authorized Honda automobile dealer if the failure is covered by any of the warranties in this book.**

Emergency Repairs

Honda recognizes that your vehicle could develop a serious problem needing immediate repair at a facility other than an authorized Honda automobile dealer.

Honda will reimburse you for the repair if:

- The repair would normally be covered by one of the warranties in this booklet;

and

- All authorized Honda automobile dealers within 50 miles of the breakdown were closed at the time, or there were no authorized Honda automobile dealers within 50 miles;

and

- The vehicle was immobile, or attempting to drive the vehicle would cause further damage or be unsafe.

For reimbursement, go to any authorized Honda automobile dealer. You must show a copy of the paid receipt and the replaced part(s). The dealer will reimburse you for the part(s) at the current manufacturer's suggested retail price. You will be reimbursed for labor at a geographically-appropriate labor rate for Honda's recommended time allowance.

If you are ever dissatisfied with a warranty service or decision from an authorized Honda automobile dealer, please refer to the Customer Satisfaction section (beginning on page 2).

Warranty Coverage Outside the United States

Warranty Coverage Outside the United States

The warranties in this booklet, except for Federal Emissions Warranties, cover only Honda vehicles purchased or leased and registered in the United States, Puerto Rico, the U.S. Virgin Islands, Guam, or the Commonwealth of the Northern Mariana Islands. Honda vehicles registered and normally driven in other countries are not covered.

Honda automobile dealers outside the U.S. may not honor these warranties. If you have your U.S.-specification Honda serviced by a Honda automobile dealer in another country (while on vacation, for example), and that service would normally be covered by one of the warranties in this booklet, please contact Honda Automobile Customer Service (see the inside front cover of this booklet).

Traveling Outside the United States

If you are planning to use your Honda to travel outside the U.S., you may want to contact Honda Automobile Customer Service (see the inside front cover of this booklet). They can give you information on Honda distributors in the area you plan to visit. You should also contact the tourist bureaus in the areas you will be traveling to find out about the availability of unleaded gasoline with the proper octane rating.

Relocating Outside the United States

Any vehicle purchased or leased from an authorized Honda automobile dealer in the U.S. is manufactured to meet U.S. government safety and emissions specifications. Other countries not only have different Honda models marketed there but also have their own safety and emissions standards that differ from U.S. requirements.

If you plan to export your vehicle to another country and register it there, we recommend that you contact the vehicle import agency in that country to determine the requirements. American Honda does not have this information.

Be advised that modifications to your vehicle to meet another country's requirements may be very expensive and, in some cases, impossible to perform. Parts to modify a vehicle to meet foreign specifications are not available in the U.S.

Getting your vehicle serviced in another country may be difficult, even if you take it to a Honda automobile dealer. Because that country may have models with different equipment and specifications, the dealer may not have parts that are suitable for your U.S. vehicle.

For further information or assistance, please contact Honda Automobile Customer Service (see the inside front cover of this booklet).

The keys to keeping your Honda in top condition are proper operation and regular maintenance.

Proper Operation

Your Honda is designed for use as a passenger vehicle. You should use it on designated public roads and highways. These are some of the things you should do to take care of your Honda:

- Avoid exceeding your vehicle's load limit. This puts excess strain on the engine, brakes, and several other systems in your vehicle. Refer to the owner's manual to find the location of the load limit label on your vehicle.
- Operate your Honda within the legal speed limit.
- Drive your Honda regularly over a distance of several miles. Like a person, a vehicle functions better with regular exercise.

- Always use unleaded gasoline of the proper octane number (anti-knock index) and that does not have any unapproved additives in it. See your owner's manual for more information.

Maintenance

You should check the engine oil and radiator coolant levels each time you fill the gas tank. This protects the vital systems of your Honda and may help you discover potential problems.

Always maintain your 2026 Honda as suggested by the vehicle's Maintenance Minder™. The services are essential to trouble-free operation. **Parts that fail because they did not get proper, timely maintenance are not covered by warranty.** However, a warranty claim will not be denied if a part fails due to a defect in material or workmanship for reasons unrelated to improper maintenance or operation.

The personnel at your authorized Honda automotive dealer are trained and equipped to perform scheduled maintenance on your 2026 Honda. However, service at an authorized Honda automobile dealer is not mandatory for continued warranty coverage. You can have scheduled maintenance and non-high-voltage-related scheduled maintenance (where applicable) done somewhere other than your authorized Honda automobile dealer, or you can do the maintenance yourself if you have the tools and skills necessary to correctly service your vehicle.

If you regularly take your vehicle to an authorized Honda automobile dealer for scheduled maintenance, the dealership personnel will know its history if you need to make a warranty claim.

Operation and Maintenance of Your Honda

If someone else has been performing the maintenance, you may need to provide evidence that you have properly maintained the vehicle.

This evidence may consist of one or more of these items:

- Copies of repair orders or other receipts that include the odometer mileage and the date that the vehicle was serviced. Each receipt should be signed by a qualified automotive service technician.

- A statement that you completed the maintenance yourself, showing the odometer mileage and date you did the work. Receipts for the replacement parts (fluids, filters, etc.) should accompany this statement.

NOTE: As a convenience for the next owner, keep all maintenance receipts with the vehicle if it is sold.

Limitations and Disclaimers

All of the Limited Warranties in this booklet are subject to the following limitations and disclaimers:

Honda disclaims any responsibility for loss of time, loss of the use of the parts, or vehicle in which the parts are installed, transportation damage, and any other incidental or consequential damage. Any implied warranties, including the implied warranty of merchantability and fitness for a particular purpose, are limited to the duration of this written warranty.

These limitations or exclusions may not apply to your vehicle because some states do not allow limitations on how long an implied warranty lasts, or they may not allow exclusion or limitation of incidental or consequential damages.

These warranties give you specific legal rights, and you may also have other rights which vary from state to state.
